<b>Excellence</b>

*What we believe*

### At BRACE we strive for...

**B**elonging – We are all better together

**R**elationships – Support each other and make connections with classmates

**A**ccepting – Be mindful and inclusive of others

**C**aring – Show kindness and compassion to others

**E**xcellence – Focus on learning and being engaged in your school work

### Our Vision

“To be willing is to be able”

### Our Mission

To develop strong, healthy relationships within a flexible learning environment while assisting students in meeting their educational needs.

## Who We Are

Battle River Alternative Centre for Education serves high school students in an outreach and online setting, across Battle River School Division.

BRACE provides students with all courses required for graduation and post-secondary education.

BRACE allows students a flexible schedule with classes Monday to Thursday as well as evening classes on Tuesday and Wednesday. Students can work from home or come to class.

BRACE offers the Learning Together Program, offering support to parents of young children.

BRACE supports Home Education in BRSD; both traditional and faith-based options are available.

BRACE offers summer programming.

### **Student Services Available at BRACE**

At BRACE there are a number of supports in place to assist students with all of their needs.

School Resource Officer – Provides support to students and staff as needed.

Family School Liaison Worker – Provides support services and acts as a resource to families and individuals who may be experiencing difficulties at home or school.

---

*“You will love it at BRACE, the staff and students are so friendly, and we are given breakfast and lunch. This is the best decision you’ve ever made to come here.” Anonymous*

---

Career Counsellor – Provides educational planning advice, especially geared towards graduation, post-secondary requirements and scholarships.

*Team Teaching at BRACE*

At Battle River Alternative Centre for Education we provide high school students of all ages the opportunity to take a full high school program, or complete that missing course they may need for post-secondary entrance requirements.

We are an independent, self-directed learning environment, infused with direct teaching opportunities daily. Students learn best when they are provided hands on activities.

As we have a number of students who are independent, we provide opportunities to complete schooling on a schedule that suits their individual needs. However, the greater the attendance, the greater success students will have! Therefore, we encourage full time attendance wherever possible.
